

**A FULLY MOBILE
LIFTING SYSTEM
DESIGNED FOR
RAISING
AUTOMOBILES AND
LIGHT TRUCKS**

*When you can't
bring the car to the
lift, bring the lift to
the car!*

Model ML-6

Ideal For:

- Quick Repairs*
- Collision Estimates*
- Tire & Brake Work*
- Moving Disabled Vehicles*
- General Service*

Whether you use it inside or out, the ML-6 will turn wasted floor space into a productive work area. The ML-6 is an intelligently engineered design that can be used indoors or out even when space is tight. Oversized heavy-duty casters allows the unit to be moved with little effort and simple controls make it easy and safe to operate.

ONLY THE BEST BELONG

If safety is first and foremost on your mind, then look for this seal. It is an icon that we proudly display. For more than half a century, the Automotive Lift Institute (ALI) has dedicated itself to lift safety and the protection of those using lifting equipment.
